HOW TO USE MYCITI

Cash is not accepted on MyCiTi buses. All users over the age of four must have their own **my**connect card with money loaded to travel. Cards cost R25 each.

Fares are calculated on the distance you travel and are deducted from your card. When you board a MyCiTi bus, you must tap in by holding your **my**connect card against the validator to start your journey, and tap out by doing the same when you get off. Do this correctly to avoid a penalty fare.

GET YOUR **MY**CONNECT CARD

MyCiTi station kiosks sell **my**connect cards for R25 each, and load money on the card as Standard fares (any amount) or as points with Mover packages (R80, R100, R150, R200, R400, R600 or R1 000). You can travel further with Mover points, because you save at least 20% on fares.

We suggest you visit a MyCiTi station in your area a few days before the start of the new services to purchase a **my**connect card, load it with money, and find out more about how the system works. The nearest station is Omuramba, on Racecourse Road.

Selected retailers also sell **my**connect cards and load Standard fares. For a full list of retailers and kiosks, see www.myciti.org.za or call 0800 65 64 63 (toll-free from a landline and open 24/7).

HOW TO CALCULATE YOUR FARE

Are you a MyCiTi Mover?		Are you starting your journey in the Peak fare period (weekdays 06:30 - 08:30 or 16:00 - 18:00) or in the Saver fare period (all other times, including weekends and public holidays)?
Save 20% or more with MyCiTi Mover packages, available from MyCiTi station kiosks. Load R80, R100, R150, R200, R400, R600 or R1 000 on your **my**connect card.	**YES** / **NO**

Century City and Montague Gardens service starts on 30 November 2013
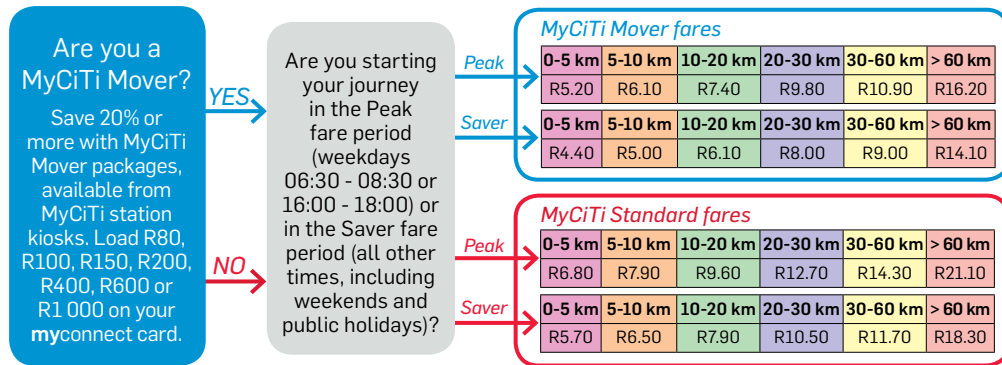

*The MyCiTi service is now ready to be launched in Century City and Montague Gardens. This means commuters must get their **my**connect cards to use this brand-new service.*

When the new Century City - Montague Gardens service (MyCiTi route 251) is launched, the current Century City shuttle services will be phased out and will stop operating in December 2013. Certain minibus taxis will also no longer operate. This means that users of these services need to get ready to use MyCiTi.

MyCiTi is the City of Cape Town's integrated rapid transit system, which is being rolled out across Cape Town. It is an affordable, safe, reliable scheduled service. You catch the bus at MyCiTi stops and stations. *See the map inside for routes and stops.*

Passengers can catch MyCiTi at stops like this one.
