

PUBLIC INFORMATION DAY

CONSTRUCTION UPDATES

GOVAN MBEKI ROAD, GUGULETHU

Construction is under way along Govan Mbeki Road, from east of Klipfontein Road to south of the R300 bridge, as part of the next phase of the City of Cape Town's transport infrastructure upgrades.

To ensure the safe completion of the work, the westbound carriageway between Swartklip Road (M49) and Hammer Road will be closed for approximately three months, starting in mid-May. Traffic will move in both directions on the eastbound side during this time, with changes during peak hours to reduce delays.

Join us at a public information day to find out more about:

- Construction progress
- Registering as a jobseeker
- Subcontracting opportunities
