

PUBLIC INFORMATION DAY

TEMPORARY LANE CLOSURE

GOVAN MBEKI ROAD, PHILIPPI

The City of Cape Town is continuing with the construction of new and upgraded transport infrastructure along Govan Mbeki Road.

A lane closure is planned from 30 October 2025 to accommodate road rehabilitation works on Govan Mbeki Road, between the Duinefontein Bridge and the intersections with Link Road.

What to expect

- Traffic will be diverted at the Duinefontein Bridge to drive on the westbound lane (towards Manenberg) while construction is underway on the eastbound lane (towards R300). Only one lane in each direction along Govan Mbeki will be open to accommodate traffic.
- The traffic changes are expected to remain in place for approximately 13 months, depending on weather conditions and unforeseen circumstances.
- Traffic signage will guide road users through the area.

Motorists should plan ahead and allow for extra travel time.
