

MYCITI CONSTRUCTION UPDATE

Work is advancing with Phase 2A of the MyCiTi bus service, which will link Claremont and Wynberg with Mitchells Plain and Khayelitsha.

Construction for Phase 2A is being undertaken in portions, and work is progressing well on the "W4" portion which affects Govan Mbeki Road, from Jan Smuts Drive to Ottery Road.

Work includes road and intersection upgrades, new bus lanes and stations, walking and cycling lanes and an eye-catching, elevated traffic circle.

The 'Sky Circle' will function as an interchange and enable rapid, frequent public transport services by redirecting buses away from the busy traffic intersection below.

Need help? Contact your community liaison officer:

Ward 43: Alfonso Reynolds, 062 145 6795

Ward 47: Thohar Rodrigues, 067 014 0988

Ward 60: Tasneem Brown, 063 861 9518

Ward 66: Pamela Malan, 078 905 2086

What to expect during construction

Use the information below to plan your activities for the remainder of the works. Work is scheduled in a way that limits the impact on road users and residents where possible. We recognise the inconvenience caused and thank you for your ongoing patience and support.

Construction hours

- Monday to Friday, 07:00 - 18:00
- Saturday, 07:00 - 16:00

No work is planned on Sundays and public holidays. Work may be required outside standard working hours in the event of an emergency. In such cases, residents will be notified as soon as possible via social media, leaflets to households and through the ward councillor.

Restricting noise

Noise is expected throughout the project due to the machinery used. Noise-generating activities have however been limited to weekdays. Noise disruptions may still occur outside these times in an emergency, and will be communicated in advance wherever possible.

Pedestrian safety tips

- Pavements will be affected by work. Use the temporary walkways provided and never cross where it is not permitted.
- Follow the traffic rules and safety signs.
- Do not enter the restricted area or barricaded areas.
- Do not board vehicles at the intersection of Jan Smuts Drive and Govan Mbeki Road.

Accommodating traffic

Temporary lane closures will be in effect daily between 09:00 and 15:00, as and where needed. Traffic will be accommodated in both directions throughout and access to properties will also be maintained. Residents will be notified in advance when this is not possible.
